

FTTx Cabinet Interconnect Patch Cable

Product Overview

The Hexatronic premium interconnect patch cables are developed to provide high performance. With terminations made to IEC grade B using premium connectors, minimal losses are assured.

100% tested for attenuation and 100% visually inspected. *(All tests are pass/fail, test records against serialised cables available on request)*

Features

- ITU-T G.657a1 Bend insensitive fibre
- Tight buffered
- Small cable outer diameter
- Aramid yarn high tensile strength
- LSZH cables
- 100% inspection tested to IEC-61300-3-35*
