

UV Stable Rectangular Rubber End Cap - Black - PK100

Application

UV Stable PVC End Cap for protecting LC connectors on terminated assemblies. The soft body allows for a comfort fit around the connector, offering protection from harmful UV rays and is resistant from certain chemicals. Complies with REACH & RoHS directives.

Features

Dimensions:
 OD Dia: 7.5 x 12mm
 Material : PVC

TECHNICAL DATA SHEET		
PHU705-002 PV
