

Discreet nano fibre clip

Low visibility cable clips for 2-3mm fibre cables

Product Overview

The Hexatronic NanoClip is a fire-safe, 28th edition compliant cable clip designed to fit 2mm and 3mm fibre optic cables, hearing loop cables and other small diameter cables. The NanoClip is suitable for domestic, commercial and industrial use and ideal for any installation where a faster, safer, simpler and smaller solution is needed.

Features

- Discreet cable clip
- 2-3mm diameter cable
- Secure single component design
- Quick and easy installation
- Melt point >1200oC
- Corrosion resistant, UV stable coating
- Suitable for indoor/outdoor

Applications

Low visibility cable wall clip for retaining fibre optic cables along walls.

Design

The discreet NanoClip is an extremely compact cable fixing product. The miniature form is designed to blend into the cable installation and hardly be visible. The fixing of the clip is achieved by drilling a shallow hole into the wall. The clip is then pushed into the hole.

Technical information

Product colour - White

Temperature, Operation - -45 to +80oC

Temperature, Storage - -45 to +80oC

Reaction to fire - Fire resistant 18th edition compliant

Conformance - 18th Edition compliant
