

# FTTH 7mm & 8mm Micro Duct External To Internal Lead In Kit

For 0.9—2.1mm Fibre

## Features

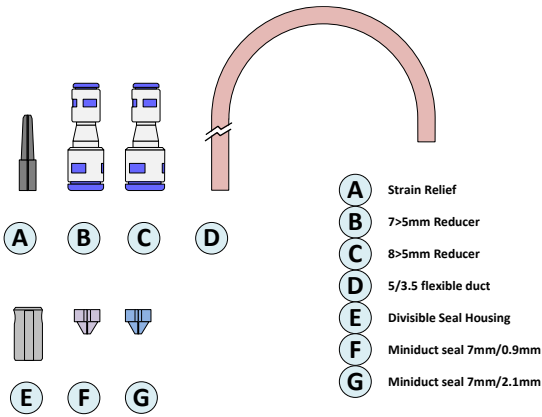

- Universal Kit
- 7mm and 8mm Drop cable Compatible
- Strain relief at reducer and Duct end
- Suitable for 2mm Drop and 1mm ABF

## Application

The Divisible Seal lead in Kit is complete with fittings for 7mm drop ducts and 8mm .

Divisible Seals are deployed in the reducer to prevent water ingress into the transition duct, the transition duct is then terminated with a 5mm duct seal .

## Design
